

SE 216 – SOFTWARE PROJECT MANAGEMENT
PROJECT RISKS DOCUMENT

PROJECT NAME: E-VET

**GROUP MEMBERS: Arda MUTLU, Burak TEMUR, Metin Baybars ARSLAN,
Yaren Deniz DENİZLİ**

LIKELIHOOD RANK	RISK DESCRIPTION
1	Going over the budget- There may be more expenses than planned in the realization of the project or the project may have new needs.
2	Performance Risk- The intended result may not occur at all or in the manner that the project management had anticipated.
3	Lack of process time- The project can be expected to be completed in less time than required.
4	Frequently changing requests- Stakeholders can change or improve their requests for the project at the very last time
5	Insufficient software- It may be a poor software that does not meet the requirements of the project
6	Training- The team is not competent enough in their work as a result of keeping the training time shorter than it should be.
7	Testing- The product will be difficult to test.
